

Kestrel Square Tables Installation Instructions

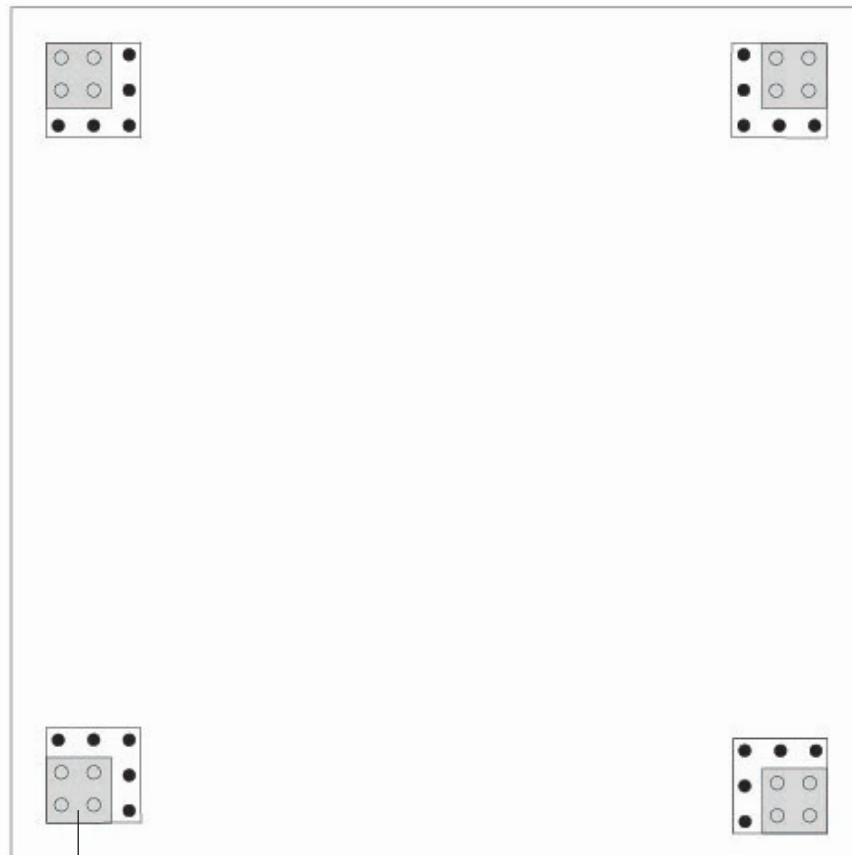

Table leg

Product Contents:

- (4) Kestrel table legs with levelers and plates attached
- (1) Square table top
- (20) 1/4" Split lock washers
- (20) 1/4-20 x 3/4" PHIL pan HD zinc w/patch screws

Tools Required:

- Phillips head screw driver

Steps:

1. Lay top upside down on clean soft surface to prevent scratches to table top.
2. Align the leg holes with the holes on the bottom surface of the table top, as shown to the left.
3. Using the hardware provided, place five screws through five washers on each leg. Tighten snugly.
4. Once all legs have been secured, flip table upright and adjust levelers as needed.

**For safety maintenance, periodically check connection tightness.*
