

Tables Installation Instructions

Product Contents:

- (4) Plover table legs with levelers
- (1) Round table top
- (20) Screws: 1/4-20 x 1 1/2" Pan
- (20) Washers: 1/4" USS Flat

Tools Required:

- Phillips head screw driver

1. Lay top upside down on clean soft surface to prevent scratches to table top.
2. Align the leg holes with the holes on the bottom surface of the table top, as shown to the left.
3. Using the hardware provided, place five screws through five washers on each leg. Tighten snugly.
4. Once all legs have been secured, flip table upright and adjust levelers as needed.

**For safety maintenance, periodically check connection tightness.*
